

Clerkship and Internship Application Information
Nusrat Jahan Choudhury, Eastern District of New York

I am currently accepting applications from prospective clerks for one-year term clerkships beginning in April 2026 and September 2026. I am not currently accepting applications from prospective interns or externs.

I welcome applications from people of all backgrounds and experiences, including people with a demonstrated commitment to public service and members of communities that have been traditionally underrepresented in the federal judiciary and the legal profession.

My chambers is located in **Central Islip, Long Island** – close to parks, beaches, nature, and hiking trails. Clerks will regularly work in chambers in Central Islip, although occasional, limited remote work may be permissible.

Applicants should send to choudhury_chambers@nyed.uscourts.gov:

- a) a cover letter identifying the **specific term(s)** for which the applicant is available;
- b) a resume;
- c) a law school transcript;
- d) an unedited writing sample; and
- e) 3 letters of recommendation, including one from a person who supervised, and can comment on, the applicant's legal analytic and writing skills.

Letters of recommendation may be sent by the applicant or directly by the recommenders. The recommendations need not be addressed to me by name (*i.e.*, generic “Dear Judge” or “To Whom It May Concern” letters are fine).

I encourage applicants to include in the cover letter their career goals, personal narrative, or other relevant background information that does not appear elsewhere in the application.
